

Decision of the Curtin Student Guild Remuneration Tribunal 2022

The following is the decision of the Remuneration Tribunal made on the Wednesday, 23 November 2022.

Preamble

The Remuneration Tribunal was established as per the *Student Guild (Tribunal) Regulations 2018* (The Regulations) to determine the remuneration for Officers of the 53rd Guild Council.

The members of the Remuneration Tribunal in 2022 were:

- Chair of the Remuneration Tribunal – Theodora Rohl
- Member appointed by the Managing Director –Marianne Shaddick
- Member appointed by the Vice Chancellor- Tara Felton

Submissions

The Chair of the Tribunal invited a submission from the Vice Chancellor and the Chief Operating Officer. In addition, submissions were invited from the following representatives of the Guild (along with a survey to complete):

- Managing Director
- Guild Council members (5 responded out of a possible 14)
- Representation Board members (3 responded out of a possible 16)
- Postgraduate Students Committee (1 responded out of a possible 13)
- International Students Committee (1 responded out of a possible 10)
- WASM Student Guild (0 responded out of a possible 7)

Submissions were received from the Managing Director, the Guild President, Vice President Activities, five Guild Council members, one Postgraduate Graduate Committee member, one International Student Committee member and no WASM Student Guild members. .

The Managing Director's report advised that:

Officers are funded from SSAF fees and a Grant provided by Curtin. In the past, SSAF fees have generally increase by around 1.65% each year while the Guild grant is not indexed. However, Curtin is not expecting any increase in SSAF fees from 2022 to 2023.

Based on 2022 performance to date, the Guild is on track to 'break even' (ie zero profit). Any increases in remuneration to office bearers will require funds to be directed from Guild reserves or elsewhere and need to be carefully considered.

It is acknowledged that Officers are extremely committed and will never have enough remunerated hours to achieve everything that they want to do and that prioritisation is required. Further, demands can be unpredictable.

The following actions are in place and/or underway to enable manageable workloads for office bearers:

- Consolidation of Committees
- Faculty Representatives, ISC and PSC Presidents to refer individual (as opposed to cohort) student issues to Student Assist
- Office bearers can be paid to undertake additional work beyond the scope of their role on an 'as needs' basis subject to the availability of strategic funds set aside for this purpose or savings derived in another area.

Submissions from student representatives noted that:

- The Postgraduate Student Committee President and the International Student Committee President were required to sit on numerous university boards
- The Chair of Representation Board frequently exceed their two paid hours a week.
- The Secretary's paid hours did not allow for time required to review of governance and regulations.
- There has been an identified need for greater flexibility for representatives
- The Secretary's handover period was not adequate

Considerations

The Tribunal acknowledged that student representatives were extremely committed and that the goals of the Guild would require more student representative time than the Guild could afford to pay.

The Tribunal acknowledged that the Guild was one of the highest paid Guilds in the country.

The Tribunal acknowledged that whilst the Guild would like to increase the hours of some representatives as a result of budgetary constraints, this was not possible in all cases,

The Tribunal concluded that:

- It was appropriate for the level system (Hospitality Industry (General Award)) to be continued with three distinct salary levels and associated pay. Clause 3(4) to be updated to reference the current 2.1 per annum rate as articulated in the Public Service and Government Officers CSA General Agreement 2017 (or equivalent). The tribunal noted that a reduction of representation non-labour costs, including a decrease in union affiliation fees, and tight management of professional staff labour hours would enable the recommended elected officer rates to be accommodated.
- In line with an increase in the Hospitality Award rates, and to acknowledge that office bearers took on significant responsibility and therefore should be remunerated at an appropriate rate above the minimum wage, an increase of 4.6% was applied to the rates of pay of Guild Officers.
- The Tribunal agreed that for greater clarity the definition (Clause 4) of Executive Officer would be amended and defined as the President, Vice President - Education, Vice President – Activities and Secretary. It was noted that other office bearers can be members of Executive Committee but are not defined as Executive Officers.
- For greater clarity a definition of “week” was added to Clause 4, with reference to the table in clause 8 that outlines hours of work completed each week.
- Clause 7 should be amended and include the previously omitted Chair of Representation Board against Level 2 (as the position sits on the Executive Committee).
- In addition to the Students as Partners project, the VP-E had a large number of direct reports compared to other officer roles. Ideally, the VP-E's remunerated hours would be increased from 30 hours a week to 37.5 hours a week. However, this was not recommended due to financial constraints.
- It was appropriate to provide greater flexibility in the hours that office bearers work. As a result, an amendment was made to Clause 8 with an additional subclause of 8(2) outlining the circumstances and approval process for which office bearers could reduce their hours to up to 20% with their pay proportionately reduced.
- There were times/circumstances where it was appropriate (and where approved) for Office Bearers to be paid to undertake additional work beyond the scope of their role on an 'as needs' basis, albeit only in circumstances within the budget. As a result, an amendment was made to Clause 8 with 8(3) added outlining the circumstances and approval processes whereby this could take place.

- There would be no change to the delegated authority to approve leave (Clause 11) for Officer Bearers, as the current policy adhered to good governance process.
- An amendment should be made to Clause 15 with the addition of a KPI for each Office Bearer to complete mandatory training within 45 days of being provided the resources/information to undertake the training.
- An amendment should be made to Clause 21(2) to clarify how many hours an Office Bearer should perform if acting in a role whilst also undertaking the duties of their own role in the same period, and the implications of this to how they would be remunerated.
- Clause 23 should be amended to clarify the process of dealing with questions regarding the interpretation of the decision of the Remuneration Tribunal should the Chair of the Remuneration Tribunal no longer be an office bearer and not respond to a request for interpretation as per 23(1). It was agreed that in those circumstances an interpretation would be sought from the other members who sat on the Tribunal.
- Increasing the hours of Office Bearers and introducing payment for the Kalgoorlie Branch Women's, Postgraduate and International officers was not recommended at this time due to financial constraints.
- Changing Equity Officers' from fortnightly to semester remuneration officers was not recommended at this time as there was insufficient information about the impact on workload.
- It was important to increase the hours of handover of the Secretary to satisfactorily complete administration and induction for the incoming officers. The additional funding for this was found via budget savings.
- Payment made to the Chair of Tribunal(s) would be at the discretion of the President and come from the Strategic Funds.
