# STUDENT GUILD OF CURTIN UNIVERSITY REMUNERATION TRIBUNAL 

NOTICE OF DECISION
The following is the decision of the Remuneration Tribunal made on the $8^{\text {th }}$ of August 2023 in accordance with Student Guild (Tribunal) Regulations 2018

## Preamble

The Remuneration Tribunal has met in order to determine the remuneration of Officers of the Guild for the period of the $55^{\text {th }}$ Guild Council.

The members of the Remuneration Tribunal were:

- Chair of the Remuneration Tribunal (appointed by Guild Council) - Mr Dylan Botica, President (Chair).
- Staff member appointed by the Managing Director - Ms Maryanne Shaddick, Manager Student Engagement.
- Curtin University staff member appointed by the Vice Chancellor - Ms Linda Adnyana, Director - Student Life and Community

## Timeline

The Chair of the Remuneration Tribunal was appointed by Guild Council on the 23 of March 2023 via resolution GC\#14/23. Subsequently, the Guild Council approved a special inquiry to run concurrently with the annual inquiry to consider the potential changes driven by the then Proposed Amending Regulation No. 1-2023.

The Chair directed an inquiry be commenced and, on the 26 of March 2023 gave notice to the members of the Guild Council, Representation Board, all Officers, the Managing Director and the Vice Chancellor of the inquiry and advised them that they have fourteen (14) days to provide a submission to the Remuneration Tribunal relating to its inquiry.

Submissions were received from the following:

- David Luketina, Managing Director
- Jasmyne Tweed, Secretary
- Mitchell Craig, Postgraduate Student Committee - President

To inform the inquiry, the Chair also circulated a survey to all Officers to assess the consideration of the Tribunal per $\mathrm{R}(\mathrm{T}) 18.8$.

The response rate from all Officers was: 44\%
The response rate from all Remunerated Officers (excluding Kalgoorlie) was: 80\%
The response rate from all Kalgoorlie Branch Officers was: 14\%

## Submissions

The submission of the Managing Director reported:
The current financial situation of the Guild is uncertain due to the 2023 budget yet to be finalised. The remuneration of Officers is funded from SSAF fees, and a Grant provided by Curtin. In the past, SSAF fees have generally increase by around $1.65 \%$ each year while the Guild grant is not indexed. Curtin is not expecting any material increase in SSAF fees from 2023 to 2024.

Based on 2023 performance to date, the Guild is on track to make an accounting loss of around \$200k.

Any increases in remuneration to office bearers will require funds to be directed from elsewhere and need to be carefully considered. The funding available for the remuneration of officers is therefore limited and likely to be the same as for the 2023 year.

The Managing Director made various suggestions for primarily minor changes to clauses. The majority of these have been actioned with amendment by the Tribunal.

The Secretary's submission recommended a reduction to the hours of Vice President - Education and Vice President - Activities with the establishment of the Vice President - Sustainability and Welfare role. She did not believe this would affect the Secretary's workload and did not comment on the impacts to any other Officer.

The Secretary recommended that Department Officers should become Semester Remunerated Officers similar to the Kalgoorlie Branch Officers. A reduction of Faculty Representatives to 7.5 hours per week could also achieve necessary savings.

The Postgraduate Student Committee President discussed high workloads in their role. He recommended increasing the hours of their role from 9 to 12 hours per week. Increasing hours for Executive Officers and providing remuneration to other members of the PSC. He discussed his increased workloads arising from committee work and recommended additional remuneration for officers undertaking this work. He also stated that greater flexibility for additional remuneration for support officers is needed.

Following the distribution of the Draft, an objection regarding Fair Work considerations and minor typographical matters was lodged by the Managing Director. An objection regarding the semester remuneration of the Queer Officer was lodged by the Queer Officer. The Tribunal has noted and incorporated this feedback into this final determination.

## Considerations

The Tribunal considered the following factors and necessary amendments to prior determinations.
The Student Guild is in a financially challenging environment and while increases to the Student Services and Amenities Fee (SSAF) funds are projected to occur following the introduction of a levy on international students this will not occur until 2025.

The Student Guild's commercial operations are no longer generating funding to be directed for charitable usage providing student services.

The Student Guild is fundamentally a student union, and its core business is representation. The Tribunal acknowledged that student representatives are consistently extremely committed and that the needs and aspirations of the Guild consistently require more student representative time than the Guild can afford to pay.

Officer roles in the Guild all have a significant voluntary component and should not be considered a form of employment (unless otherwise required by law), and all representatives have been expected to contribute time above and beyond their roles.

Remuneration is provided in order to incentivise Officers to complete key and important tasks.
Remuneration should be skewed toward those with key responsibilities to provide representation to the University or for the day-to-day operation of the Guild.

The University needs to be more realistic about its expectations given the representatives' available time. The Chair of the Tribunal will communicate this to key University staff.

## The Tribunal Determined:

- The Hospitality Industry (General) Award was considered an appropriate benchmark to continue to align with in setting the rates of pay.
- The introduction of an additional level of remuneration at Level 1 of the Award along with moving Department Officers to Semester Remuneration would mitigate some increased costs.
- The decision was made with the effects of Amending Regulation No.1-2023 considered when setting definitions, hours, and approvals.
- The total Executive Officer hours to be completed each week will increase with the introduction of the Vice President - Sustainability and Welfare. The impact of the new role means a reduction was made to other Vice President's hours. The Tribunal accepted that the Secretary's workload was unlikely to be materially affected by the amendments.
- Budget savings will need to be found elsewhere to account for the increased remuneration expenses as a result of the new Vice President role. The Tribunal notes that funding has been allocated to allow for short-term engagement of staff or officers and that there may be reduced need with an overall increase in Executive hours.
- Handover periods were balanced with the new Vice President role. Handover pay will be paid as a lump sum payment except for the Secretary who will have an adjustment to their hours of contribution for three weeks.
- Time Off in Lieu (TOIL) was reduced back to being capped at 2 weeks accrual with a maximum of one week able to be taken consecutively. The Tribunal recommends further detail of approval considerations be prescribed in policy.
- Key Performance Indicators (KPIs) are amended to broaden events/campaign requirements definition. The Executive Officers work from campus requirement is now given a distinct section and included in the KPI table.
- Minimum hours required before being paid for acting in a role was increased from 7.5 hours to 15 hours.
- The Secretary was reverted to being the approver for the President's leave, timesheets, KPIs and other matters with appeals retained with the Chair of the Guild Council to reflect the organisational hierarchy and the Secretary as the only other person directly accountable to Guild Council.
- Amendments were made to be less prescriptive in the paperwork necessary for remuneration to align with the introduction of MYOB
- Where undertakings and/or minor amendments are required to this decision, they must first be attempted to be obtained by the Tribunal and where not possible should be reported to the President for accountability purposes.
- General amendments to previous decisions have been made to improve conciseness/concision and readability by prospective Officers or otherwise to ensure compliance with the Statute Book.
- Payments made to the Chair of Tribunal(s) are to be at the discretion of the President and come from the Strategic Funds.
